

► DuPage Medical Group / CityGate Center – Naperville, Illinois

Assignment:

DuPage Medical Group sought to find a suitable relocation alternative for its growing Plastic Surgery and Dermatology Group in the Naperville area.

Solution:

V3 Realty secured a 12,685 S.F. lease in the new CityGate Center Complex located at the intersection of I-88 and Route 59. This new space provides DMG with a first class image and excellent visibility and access for its patients.

V3 negotiated a generous improvement allowance from the landlord, including expansion and renewal rights, and multiple signage locations and reserved parking. ▲
